

THE AMERICAN REVIEW OF REVIEWS

JULY-DECEMBER, 1927

The alphabetical arrangement of the subject matter is modified in some instances by the grouping of related topics under such headings as Agriculture, Aviation, Business, Congress, Disarmament, Education, League of Nations, Religion, Sport, and United States. So far as space permits, cross-indexing of topics to general headings has been used. For material involving various countries it will be best to look under the names of those countries. Pictures of interesting personalities are grouped under the heading "Portraits," on page vii of this index.

Letters in parentheses signify nature of article as (C.) contributed article; (Ed.) editorial; (L.) "leading article" (digested from another source); (il.) illustrated; (R.) book review.
